Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: | Low Growth: Less than 35 | Typical Growth: Between 35 and 65 | High Growth: Greater than 65

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short video about Student Growth Percentiles that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these accountability resources.

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bulling (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio
2017-18	1.0:1

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' User Friendly Budgets, or the NJDOE Finance District Report Search of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these accountability resources.

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these accountability resources.

Accountability Indicator	Score	Weight
English Language Arts Proficiency	86.02	17.5%
Mathematics Proficiency	95.14	17.5%
English Language Arts Growth	93.84	25.0%
Mathematics Growth	99.58	25.0%
Progress Towards English Language Proficiency (coming 2018)	**	**
Chronic Absenteeism	92.93	15.0%
Summative Score: Sum of all indicator scores multiplied by indicator weights	94.00	n/a
Summative Rating: Percentile rank of Summative Score	99.11	n/a
Requires Comprehensive Support: Summative Score is in the bottom 5th percentile	No	n/a

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these accountability resources.

Before and After School Programs:	Response to intervention groups for reading and math are offered before and after school to students who need additional support in these areas. Project Achievement, a program focused on close reading of informational text, is also offered for students needing additional support in this specific area. Targeted intervention plans are created for students and interventions run for 8-12 weeks. Data is collected to assess student growth from these programs.
Staff and Professional Learning:	Professional development needs are obtained through a survey developed by our ScIP Committee. Teachers are part of Professional Learning Communities where they get to discuss professional literature, student data, and instructional strategies, which assists them in meeting the needs of our diverse students. Developing teacher leaders was an area of focus through the implementation of Pineapple Charts and Lesson Study. In addition, many teachers present workshop for peers and participate in teacher-led book clubs.

Student Supports and Services:	At Clark Mills, we offer a variety of support services to meet the academic and social well being of our students. We utilize a problem-solving approach to identify students' needs and create intervention plans to target areas of focus. A school counselor, school psychologist and school social worker offer guidance on the emotional, social and behavioral needs of our students. A variety of special education programs and intervention services are available to students when necessary.
Student Health and Wellness:	Our students participate in physical education class twice a week and also participate in recess daily. In many classes, brain breaks are also incorporated during transition times. Family Life lessons are taught and the teachers and counselor work together to teach students lessons about character education, anti-bullying, and social thinking. The counselor and school psychologist also offer small social groups on a variety of topics to assist students.
Parent and Community Involvement:	A collaborative bond between home and school has been established by parents, teachers, and the administration. We have an extremely active PTO who offers parents a lot of ways to get involved in our school community. They also provide a variety of fun events for our students. In addition, parents are also a part of our School Safety Team where we review procedures and programs for anti-bullying. Parents have the opportunity to participate in workshops during our Parent University and workshops are offered throughout the year in the evening.

Facilities:	Clark Mill School has been educating students since its opening in 1957. Since its opening, the school has had four major additions including a new cafetorium in 2002 and the addition of the John I Dawes Early Learning Center in 2007. The two classrooms in our new wing have air conditioning as well as the cafetorium, gym, media center and computer labs.
School Safety:	At Clark Mills, safety is our number one priority. We use a visitor management system so that we are aware of who is visiting our school at all times. Safety drills and procedures are built in as part of the classroom/school routine each month; and we continue to practice the required school drills so that our staff and students know how to respond calmly and efficiently to multiple emergency scenarios. In addition, the local police department conducts walk throughs in the building regularly.

Technology and STEM:	Technology is integrated into all aspects of the curriculum. Students in grades 4 and 5 have their own chromebook that they use frequently throughout the day. Google Classroom is utilized as a way for teachers and students to communicate with each other regarding assignments and lessons. Clark Mills School has two Apple computer labs and students are provided with technology instruction every other week by a technology teacher. A variety of technology such as ipads, Smartboards and document cameras are also utilized to enhance lessons. Technology is also used for parent communication. We use an electronic backpack and a school website to provide information to parents and the community. In addition the Media Makerspace offers students the opportunity to participate in STEAM lessons and to tinker and explore.

Other Information:	Clark Mills School is a first through fifth grade school, which houses approximately 540 students. Students enter our building every day ready to "Step up to Learning." The atmosphere at Clark Mills School is one in which learning is a challenging, rewarding, and exciting experience for our students. We want our students to view Clark Mills as their home away from home. At Clark Mills School, we recognize that we have a responsibility to set challenging goals, design innovative lessons, and engage students in meaningful, relevant instruction. It is through this process that we continue to develop motivated students who understand that, with hard work, determination, a growth mindset, and perseverance they have the ability to achieve high levels of success. In addition, our Response to Intervention model affords us the opportunity to identify students who need further language arts, math, and behavioral supports early on. We utilize a variety of assessments and analyze data to meet the individual needs of our students. We have an active Problem Solving Committee who works closely with staff and parents to support our students' needs. Additionally, Character Education is also an important element to ensuring the well-being of our students. The counselor/anti-bullying specialist works closely with school administration, teachers, students, and parents to reinforce the elements of good character and conflict resolution strategies. Students are recognized each month from each class for being an outstanding role model. Through a united effort of staff, parents, and administration, all of our expertise and resources are utilized to provide each child with a first rate education in order to prepare them for college and career readiness.
