Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40-59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40-59.5)

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Length of School Day	6 Hrs 20 Mins
Full Time - Instructional Time	5 Hrs 45 Mins
Shared Time - Instructional Time	N

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Score	Weight
English Language Arts Proficiency	76.24	17.5%
Mathematics Proficiency	96.15	17.5%
English Language Arts Growth	95.97	25.0%
Mathematics Growth	87.72	25.0%
Progress Towards English Language Proficiency (coming 2018)	**	**
Chronic Absenteeism	49.04	15.0%
Summative Score: Sum of all indicator scores multiplied by indicator weights	83.45	n/a
Summative Rating: Percentile rank of Summative Score	93.72	n/a

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

 <p>Courses, Curriculum, Instruction:</p>	<p>Myriad resources (which include Project Read, Making Meaning, The Teachers College Units of Study, book talks, and author studies) support a balanced literacy approach. Hands-on learning, which is fostered through the use of EnVision 2.0 Math and a Daily 3 structure, is the premise of math instruction. Web and game-based technology tools, such as Achieve 3000, IXL, Reflex Math, and ST Math, further engage our learners. Enrichment programs and an RTI model of support target the individual needs of students.</p>
 <p>Clubs and Activities:</p>	<p>The student council makes contributions to the school and local community. The character education-based Lions Pride student ambassador program provides leadership opportunities to fifth graders. Extracurricular opportunities (such as the STEAM-based Minecraft club, coding club, school newspaper, instrumental music program, chorus, homework club, and Young Scientists) provide students an opportunity to explore their interests while enhancing social skills.</p>

 <p>Before and After School Programs:</p>	<p>In addition to services (ELL instruction, RTI support, behavioral interventions, counseling, speech, and enrichment) offered during the day, ELL support and RTI (Tier II) instruction in mathematics is offered before school. Teachers of these programs create targeted and individualized interventions plans for each child, and growth is progress monitored for 15-18 weeks before a new plan is developed. The goal is to narrow identified gaps in learning.</p>
 <p>Staff and Professional Learning:</p>	<p>Professional development is on-going and embedded in-house. The school ScIP committee distributes a staff survey to determine needs based on content areas/grade levels. The continued implementation of the ICLE's Rigor and Relevance Framework and their Rigor, Relevance, and Engagement Rubrics remains a focus. PLCs exist across the grade levels/subject areas to encourage collaboration and analysis of student data to increase academic achievement. Staff-led book clubs and trainings foster leadership, as well as the implementation of "pineapple charts" and lesson study rounds where staff plan and observe live lesson implementation.</p>

 <p>Student Supports and Services:</p>	<p>Milford Brook School is home to an ELL program and myriad intervention and special education services for students in grades K-5. A school counselor, school psychologist, and LDTC assist with behavioral, social, and emotional needs of students. Three intervention teachers support an RTI model during the school day for student instruction, while also coaching and modeling practices for staff. A Problem Solving model is the basis of the I&RS process.</p>
 <p>Student Health and Wellness:</p>	<p>A comprehensive health and physical education program is implemented across all grade levels. In addition to bi-weekly physical education classes, recess time is built into each class schedule. Mandatory health and character education lessons are taught across each grade with emphasis in grades 4/5 on "family life." The counselor reinforces with each class concepts on Social Thinking and anti-bullying strategies; small group and 1:1 sessions are also held.</p>
 <p>Parent and Community Involvement:</p>	<p>A strong home-school connection is an important element that contributes to the academic, social, and emotional well-being of our children. Parent volunteers, along with participation in and support of the school PTO, are encouraged. Parents have on-going access to a child's academic information through the use of a web-based parent portal. Highlighting this area is the inclusion of parents in the intervention process. Home intervention plans are created for Tier II and III students.</p>

 <p>Facilities:</p>	<p>Milford Brook School opened in 1972. Recent upgrades include an electrical system upgrade throughout the building to support the addition of air-conditioning to the Media Center and cafeteria.</p>
 <p>School Safety:</p>	<p>Milford Brook School places the safety and well-being of its school community as a top priority. An Emergency Management team ensures that procedures are in place and practiced for myriad situations -- as per state law. A district security director and building administration review procedures and practices with the staff table top scenarios to further prepare. In addition, each school has implemented the use of a security software system called the Passage Point Visitor Management System which is designed to allow registered parents/guardians the ability to notify the school of an intended visit, while ensuring proper identification is submitted. The local police department also conducts regular walk-throughs.</p>

Technology and STEM:

Technology is integrated into all aspects of the curriculum. Students in grades 4 and 5 have their own Chromebook that they use frequently throughout the day. Google Classroom is utilized as a way for teachers and students to communicate with each other regarding assignments and lessons. Milford Brook School has two Apple computer labs, and students are provided with technology instruction every other week by a technology teacher. A variety of technology such as iPads, Smartboards and document cameras are also utilized to enhance lessons. Web-based programs such as ACHIEVE 3000 and ST Math are used to personalize instruction and provide reinforcement and enrichment. technology is also used for parent communication. We use an electronic backpack and a school website to provide information to parents and the community.

Other Information:

At Milford Brook School, a comprehensive Response to Intervention (RTI) model is implemented as a component of a successful educational program. It provides rapid intervention as soon as a child experiences difficulty in acquiring a particular skill in a designated subject area or behavior. A team of support staff is designated as Problem Solving Team to support the RTI process. The purpose of the Problem Solving Team is to use the expertise of our various specialists (LDTC, counselor, psychologist, speech/language therapist, administration, intervention teachers, and ELL staff) within the building to develop targeted intervention plans for students referred to the team. Decisions for research-based interventions are determined using data from assessments and progress monitoring. Student growth is continuously monitored every six to eight weeks. Character education is also an important element to ensuring the well-being of our students. The counselor/anti-bullying specialist works closely with school administration, teachers, students, and parents to reinforce the elements of good character and conflict resolution strategies. Students are recognized each month from each class for being an outstanding role model. With strong support from families, the PTO, and staff, we strive to create a home-away-from-home for students.
