

2019-2020

Dear Students,

Welcome to my band! I am excited to have you join. In order to keep the line of communication open and be able to inform students and parents about important band information and updates I will be using the app **Remind**.

Remind is a great communication tool that will send you information to you either via text message or email.

I prefer you to sign up via text message, but email is also an option. Both communication options will be the same. **Remind** is safe because it keeps your information private.

Thank you in advance for joining me on **Remind**. Please see the attached sheet for directions on how to sign up.

Thank you,

Mr. John Rusin
