### Parent Portal Information

The Portal **will open on February 6, 2023** for you to complete your incoming ninth grad student's course registration. You will receive an email with instructions on how to access your log in to your Parent Portal account to see what courses are recommended for your child, as well as how to make any changes. At this time, you will also select a world language course as well as electives. Please select a couple of elective option choices (you can prioritize them) in case we are unable to schedule your first choice. If you do not choose an elective, one will be chosen for you. Attached to this letter are the elective choice options that are available for freshman.

If this is your first child attending our district, you will receive your "Parent Portal" log-in information in an email from [donotreply@frhsd.com](mailto:donotreply@frhsd.com). This email will come on or around January 31, 2023. Please keep this information in a secure location. If you already have a child that attends one of our six high schools, you **will not** receive an email. You will be able to access your incoming student through the same account that you utilize for your current student(s). Once you log in, simply click on the drop down arrow next to your child's name to select another child.

The Portal **will close on February 17, 2023** to make any changes to your course registration. Please be sure to review this information as well as selecting elective choice.
