October 1, 2024

Dear MERS Families:

On October 22nd and October 23rd, third grade students will take the InView cognitive abilities assessment. Makeup testing will occur on October 24th and October 25th, if needed. InView measures students' verbal and quantitative inductive and deductive reasoning skills.

As a district, we use the results of this assessment to plan effective programs, identify possible learning difficulties, and make appropriate placement decisions. Students will spend approximately an hour and thirty five minutes completing assessment tasks. A detailed report of your child's results will be sent home to you.

More information regarding the InView can be found at <https://terrano3.com/inview/>.

Should you have any questions, please do not hesitate to contact me or your child's assistant principal.

Sincerely,

Jodi Pepchinski  
Assistant Superintendent of Curriculum and Human Resources
