

## MBSA LITTLE LEAGUE CHALLENGER DIVISION

The Challenger Division was established to enable boys and girls with physical and mental challenges to enjoy the game of baseball along with the millions of other children who participate in this sport worldwide. One of the benefits of having a Challenger Division is that it encourages the use of "buddies" for the Challenger players. The buddies assist the Challenger players on the field. They encourage the players to bat and make plays themselves and are always nearby to help when needed.

*The Challenger Mission: To provide an opportunity for individuals with intellectual and physical challenges to enjoy the benefits of Little League participation in an environment structured to their abilities.*
