The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school’s test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Performance by Grade: Grade 5

This table shows participation and performance on the Mathematics section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment by end of course exam. This table shows by school and student group the number of valid test scores and the mean scale score for the school, district, and state. It also shows the percentage of students at each performance level and the percentage of students who met or exceeded expectations (Level 4 or 5) for the school and the state.

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here: <http://www.state.nj.us/education/njsmart/performance/>

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This table also shows whether the school and each student group met the *ESSA* accountability target of 40 for the 2016-17 school year.

This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the ESSA accountability targets for 2016-17.

Student Group	% Chronically Absent	2016-17 Target	Met 2016-17 Target

Days Absent

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school's technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school's LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio	Internet Speed	Recommended Internet Speed	Met Recommended Speed?	Connectivity between Schools	Recommended Connectivity	Met Recommended Connectivity?

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Full-Time Equivalent: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group’s performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

 <p>Highlights:</p>	<ul style="list-style-type: none"> • Technology-enhanced lessons are supported by use of Chromebooks, iPads, SMARTBoards, and document cameras. • Curriculum includes EnVision Math, Balanced Literacy, and Writing Workshop. • A Problem Solving Team approach and implementation of an RTI model for learning supports student needs.
 <p>Mission, Vision, Theme:</p>	<p>At Milford Brook School, we take pride in establishing a twenty-first century learning environment where students in kindergarten through grade five can come together and "learn and grow" in a safe, secure, and caring setting. Our school community has embraced the following ideals into its growth mindset: "Be Respectful, Be Responsible, Be Safe, Be Kind, & Be Ready." In addition, by creating an open, communicative partnership as a school community, we can continue to achieve success.</p>

 <p>Courses, Curriculum, Instruction:</p>	<p>Myriad resources (which include Project Read, Making Meaning, The Teachers College Units of Study, book talks, and author studies) support a balanced literacy approach. Hands-on learning, which is fostered through the use of EnVision Math and a Daily 3 structure, is the premise of math instruction. Web and game-based technology tools, such as Reflex Math and ST Math, further engage our learners. Enrichment programs and an RTI model of support target the individual needs of students.</p>
 <p>Clubs and Activities:</p>	<p>The student council makes contributions to the school and local community. The character education-based Lions Pride student ambassador program provides leadership opportunities to fifth graders. Extracurricular opportunities (such as the STEAM-based Minecraft club, coding club, school newspaper, instrumental music program, chorus, homework club, and Young Scientists) provide students an opportunity to explore their interests while enhancing social skills.</p>
 <p>Before and After School Programs:</p>	<p>In addition to services (ELL instruction, RTI support, behavioral interventions, counseling, speech, and enrichment) offered during the day, ELL support and RTI (Tier II) instruction in mathematics and writing are offered before school. Teachers of these programs create targeted and individualized interventions plans for each child, and growth is progress monitored for 6-8 weeks before a new plan is developed. The goal is to narrow identified gaps in learning.</p>

 <p>Staff and Professional Learning:</p>	<p>Professional development is on-going and embedded in-house. The school ScIP committee distributes a staff survey to determine needs based on content areas/grade levels. The implementation of the ICLE's Rigor and Relevance Framework and their Rigor, Relevance, and Engagement Rubrics has been a focus. PLC's exist across the grade levels/subject areas to encourage collaboration and analysis of student data to increase academic achievement. Staff-led book clubs and trainings foster leadership.</p>
 <p>Student Supports and Services:</p>	<p>Milford Brook School is home to an ELL program and myriad intervention and special education services for students in grades K-5. A school counselor, school psychologist, and LDTC assist with behavioral, social, and emotional needs of students. Three intervention teachers support an RTI model during the school day for student instruction, while also coaching and modeling practices for staff. A Problem Solving model is the basis of the I&RS process.</p>
 <p>Student Health and Wellness:</p>	<p>A comprehensive health and physical education program is implemented across all grade levels. In addition to bi-weekly physical education classes, recess time is built into each class schedule. Mandatory health and character education lessons are taught across each grade with emphasis in grades 4/5 on "family life." The counselor reinforces with each class concepts on Social Thinking and anti-bullying strategies; small group and 1:1 sessions are also held.</p>
 <p>Parent and Community Involvement:</p>	<p>A strong home-school connection is an important element that contributes to the academic, social, and emotional well-being of our children. Parent volunteers, along with participation in and support of the school PTO, are encouraged. Parents have on-going access to a child's academic information through the use of a web-based parent portal. Highlighting this area is the inclusion of parents in the intervention process. Home intervention plans are created for Tier II and III students.</p>

Other Information:

Milford Brook School places the safety and well-being of its school community as a top priority. An Emergency Management team ensures that procedures are in place and practiced for myriad situations -- as per state law. A district security director and building administration review procedures and practices with the staff table top scenarios to further prepare. In addition, each school has implemented the use of a security software system called the Passage Point Visitor Management System which is designed to allow registered parents/guardians the ability to notify the school of an intended visit, while ensuring proper identification is submitted. Furthermore, the school implements a Response to Intervention (RTI) model as a component of a successful educational program. It provides rapid intervention as soon as a child experiences difficulty in acquiring a particular skill in a designated subject area or behavior. A team of support staff is designated as Problem Solving Team to support the RTI process. The purpose of the Problem Solving Team is to use the expertise of our various specialists (LDTC, counselor, psychologist, speech/language therapist, administration, intervention teachers, and ELL staff) within the building to develop targeted intervention plans for students referred to the team. Decisions for research-based interventions are determined using data from assessments and progress monitoring. Student growth is continuously monitored every six to eight weeks. Character education is also an important element to ensuring the well-being of our students. The counselor/anti-bullying specialist works closely with school administration, teachers, students, and parents to reinforce the elements of good character and conflict resolution strategies. Students are recognized each month from each class for being an outstanding role model. With strong support from families, the PTO, and staff, we strive to create a home-away-from-home for students.
