Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

## Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

### English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. ## Mathematics Assessment - Performance by Grade: Grade 8

This table shows participation and performance on the Mathematics section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment by grade level exam. This table shows both overall and by student group the number of valid test scores and a summary of performance including mean scale scores, percentages of students scoring in each performance level, and the percentage of students that met or exceeded expectations (Level 4 or 5).

Note: Students that took the Algebra I, Geometry, or Algebra II end of course tests are not included in grade level results.

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

### Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Student Group	Number of students chronically absent	Percent of students chronically absent	State Average	Met State Average

### Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	0
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	4
Total Unique Incidents	4
Incidents Per 100 Students Enrolled	0.33

### Police Notifications

This table shows, by incident type, the number of cases where an incident led to police notification.

Incident Type	Incidents Reported to Police
Violence	0
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	0
Other Incidents Leading to Removal	0

### Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bullying (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations
Race	0	0	0
Religion	0	1	1
Ancestry	0	0	0
Gender	0	0	0
Sexual Orientation	0	1	1
Disability	0	0	0

### Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

Removal Type	Number of Students	Percent of Students
In-School Suspensions	*	*
Out-of-School Suspensions	0	0.0%

### School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	7:20 AM
Typical End Time	1:50 PM
Length of School Day	6 Hrs 30 Mins
Full Time - Instructional Time	5 Hrs 40 Mins
Shared Time - Instructional Time	N

### Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio
2017-18	1.4:1

### Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

### Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

### Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

**Accountability Indicator Scores and Summative Rating - 2017-18 School Year**

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Score	Weight
English Language Arts Proficiency	83.00	17.5%
Mathematics Proficiency	71.21	17.5%
English Language Arts Growth	63.15	25.0%
Mathematics Growth	33.95	25.0%
Progress Towards English Language Proficiency (coming 2018)	**	**
Chronic Absenteeism	22.48	15.0%
<b>Summative Score:</b> Sum of all indicator scores multiplied by indicator weights	54.63	n/a
<b>Summative Rating:</b> Percentile rank of Summative Score	56.81	n/a
<b>Requires Comprehensive Support:</b> Summative Score is in the bottom 5th percentile	No	n/a

### Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Support will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

### School Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. If there are questions about the information provided in the narrative section, please contact your school directly.

Highlights:

- 1:1 initiative supports the appropriate use of technology and prepares students to learn and live in a digital world
- MEMS takes pride in the visual/performing arts programs that highlight students' talent and promotes a positive culture
- STEMbotics and STEAM classes engage and challenge students in multiple disciplines, allowing them to highlight talents

Mission, Vision,  
Theme:

MEMS is a progressive school that provides a safe, nurturing environment and curriculum that is rich and rigorous. Believing that all students can learn and achieve, we provide an educational environment that meets the needs of all students and facilitates their cognitive and affective growth. Our professional staff includes teachers of the core curriculum subjects, the arts and technology, teachers of special education, and student assistance personnel, works diligently toward this goal.

Awards, Recognition,  
Accomplishments:

New Jersey Star School, National History Day, Delaware Valley Science Fair, Asbury Park Press Student Voices Competition, CBA Math Contest, Battle of the Books

#### Staff and Professional Learning:

A climate of intellectual development exists at the Manalapan-Englishtown Middle School. Teachers are engaged in learning opportunities to strengthen their content knowledge and enhance instruction. Faculty and staff attend district, regional and state professional development sessions. Teachers share content knowledge and strategies at department meetings. Regular and special education teachers attend workshops to facilitate co-teaching models that creates excellence for students.

**Student Supports and Services:**

The service component consists of the child study teams (psychologist, social worker, and learning disabilities teacher-consultant), school counselors, health services (nurses, physician and medical consultants) and attendance services. The instruction component consists of Special Education Programs (special education classes and resource rooms), supplemental instruction, speech correction, individual services, I&RS (Intervention and Referral Service), and basic skills programs (BSI). Our RTI program is designed to reach and support our diverse community of learners. The tiered system provides interventions, assessments and strategies to work with struggling students. RTI teams serve as the vehicle to assist teachers in putting together and monitoring individualized student intervention plans.

**Student Health and Wellness:**

Students at MEMS receive one hour of physical education every other day. The school has three gymnasiums and a health center. The PE/Health staff is immersed in the NJCCCS and dedicated to the students' well-being. We also offer interscholastic and intramural programs after school for students to continue with the physical education enjoyment.

**Parent and Community Involvement:**

The MEMS Booster Organization was created to support student programs and provide additional after school opportunities, such as school dances, Club MEMS and Pep Rallies. All parents have the opportunity to become members, attend monthly meetings, as well as Pep Rallies, school plays, become a chaperone or chair a committee to sponsor an event. The Parent Portal allows parents access to their child's academic information, attendance, schedule or other pertinent school information.

Technology and  
STEM:

Students in both 7th and 8th grade are scheduled into STEM-botics. This course provides a introduction in grade 7 and continuation of the EV3 robotics program in 8th grade. EV3 makes building, designing, programming, and commanding their robots smarter, faster, and interactive for students in both grades. The STEM program also promotes essential skills such as creativity, critical thinking, collaboration, and communication. Students will extend their knowledge of BOT construction, coding and problem solving through hands-on activities based on STEM principles.

#### Other Information:

MEMS has been recognized by the state and other educational organizations for its educational excellence and engaging programs. This recognition supports the school's community learning concept where 7th and 8th grade students work collaboratively with an interdisciplinary team of teachers to acquire the knowledge, skills and self-confidence to succeed in middle school and be ready to accept the challenges of high school. Our strong academic curriculum, state of the art technology, diverse extra-curricular activities and champion sports program provides opportunities for students to exhibit excellence in all areas. The infusion of technology is a powerful tool that stimulates learning, enhances presentation, fosters creativity and allows students to excel in their academic endeavors. With our 1:1 technology initiative, students are connected to the world of learning. Over 1200 students and staff pass through our doors each day. On a daily basis, students are actively engaged in every classroom either conducting a science experiment, role-playing a historical event, collaborating on a multimedia presentation, using manipulatives to solve math equations, conversing in a foreign language, or creatively designing a clay sculpture. Students may also participate in a variety of school-wide events, clubs and competitions such as SITES, Social Studies Fair, World Language Fair, Future Teachers of America, Battle of the Books, National History Day, Student Council, Spelling Bee, Geography Bee, Student Council and Math Challenges. As educational professionals, we continually assess our program and enhance curriculum and design programs for our students to meet the challenges as they move forward in their educational careers.
