Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student’s SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

NJASK Science Assessment Information

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school’s culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average (“Not Met”) or less than or equal to the state average (“Met”).

Student absences provide important information about a school’s culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Score	Weight
English Language Arts Proficiency	72.51	17.5%
Mathematics Proficiency	71.09	17.5%
English Language Arts Growth	73.40	25.0%
Mathematics Growth	82.67	25.0%

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

 <p>Before and After School Programs:</p>	<p>Various academic programs are available before and after school. In Project Achievement, District teachers provide research based, data-driven instruction to students identified as in need of additional support in Language Arts and Mathematics. Additionally, we partner with Fairleigh Dickinson University to offer Orton-Gillingham multisensory reading instruction to students with decoding difficulties. District teachers earn certification while participating in the program. Pine Brook also offers homework support to students who need support while reinforcing daily lesson objectives.</p>
 <p>Staff and Professional Learning:</p>	<p>Teachers engage in an array of professional development opportunities. All participate in monthly PLC and department meetings and create individualized professional learning plans. Book clubs, lesson studies and peer observations are encouraged. Attendance at conferences, including those hosted by Rutgers Literacy Consortium and Model Schools is common. The Science department has partnered with the RVCC Science Institute. We offer online opportunities through programs such as Mobile Mind. Numerous teachers have become Google certified, presented at Pine Brook, in the district, or beyond, on topics ranging from their use of technology in the classroom to differentiation. Pine Brook continues to grow in its ability to provide 21st century learning opportunities to students through teacher self-motivation, district provided support, and the utilization of resources beyond the school to ensure our teachers are well equipped and knowledgeable in high yield instructional strategies.</p>

 <p>Student Supports and Services:</p>	<p>Pine Brook delivers support programs including ESL and Special Education programs as well as related services including: OT, PT, and Speech. Supplemental support services for students include researched-based, targeted, and tiered interventions through RTI. Weekly team meetings following a problem solving model. PBSIS, Homework Club, Project Achievement, personalized digital learning programs, and counseling services support the various academic, social, and emotional needs of our students.</p>
 <p>Student Health and Wellness:</p>	<p>Pine Brook provides physical education classes to students twice a week and health once a week for the entire year. We deliver informative presentations on wellness including John Halligan's presentation on bullying and suicide prevention. A partnership with NJSP offers the Top Physical Challenge and provides internet safety education opportunities. Our counselor conducts lessons focusing on esteem building, HIB, stress and time management and runs support groups for students who struggle in these areas.</p>
 <p>Parent and Community Involvement:</p>	<p>Pine Brook maintains a positive relationship with families and the community through the PTA, the District SEPAG, Back to School Night, Conferences, Parent University, and Parent Orientations. We host various events to include families in long term learning opportunities, ranging from a STEM Fair to National History Day. Family members are invited to support the financial literacy program available to students through NJ Biztown. Communication regarding student progress is key, so families are encouraged to use Genesis's Parent Portal and to attend team meetings to discuss their child's progress.</p>

Other Information:

Pine Brook is comprised of about 600 sixth grade students following a modified Middle School schedule. Each student is a member of one of six different teams, each of which follows one of three building schedules. In this unique setting, we bring together students from five community- based elementary schools for the first time. We initiate numerous school-wide programs such as Character Education, a PBSIS kickoff, motivational end of year events, and The Week of Respect, to support team building activities that provide students with various effective means of working out conflicts, overcoming peer pressure, and developing a strong sense of community. Pine Brook facilitates educational opportunities that are rigorous and relevant to the 21st century learner through discovery based learning. Learning tasks require critical thinking by students in order to synthesize, analyze and apply knowledge in real world, unpredictable situations. As an identified Future Ready School, Pine Brook strives to be on the cutting edge of educational technology, and routinely engages in staff development opportunities to enhance the incorporation of technology into all lessons and introduce new schoolwide technology investments. Pine Brook has a long history of excellence in building lifelong learners with character and inquisitiveness; it is a reputation that we enhance every day with the collaborative efforts of parents, teachers, support staff, building administration, the Superintendent, and Board of Education.
