Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student’s SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

**Student Growth**

This table shows the median Student Growth Percentile (mSGP) for both English Language Arts/Literacy (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

Student Group	ELA: School Median	ELA: District Median	ELA: Statewide Median	ELA: Met Standard (40-59.5)	Math: School Median	Math: District Median	Math: Statewide Median	Math: Met Standard (40-59.5)

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment both overall and by student group. The PARCC assessment has five performance levels, and students scoring a Level 4 or 5 (Met or Exceeded Expectations) have demonstrated readiness for the next grade level and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the proficiency rate used for federal accountability, the annual target, and whether the target was met, as required by the Every Student Succeeds Act (ESSA) accountability. Student group rows where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

**English Language Progress to Proficiency**

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Expected growth is based on the student's initial level of English Language Proficiency during the 2016-17 school year and the number of years the student has been enrolled in the district. This table also shows the school's 2017-18 ESSA accountability target and whether the target was met.

**English Language Proficiency Test - Participation and Performance**

This table shows, by years in district, the number of English learner students taking the ACCESS for ELLs 2.0 Assessment for English language proficiency and the percentage of students tested that received an overall score of 4.5 or above. Students must receive a score of 4.5 or higher to be considered for proficient status.

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grade 5, grade 8, and grade 11 were administered the NJSLA-Science field test in 2017-18.

**NJASK Science Assessment Information**

New Jersey transitioned from the NJASK to NJSLA-S in 2017-18 to align to new science standards. Results of field tests in 2017-18 will not be reported, but results of NJSLA-S will be added to the performance reports in 2018-19.

Student absences provide important information about a school’s culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations.

**Chronic Absenteeism**

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average (“Not Met”) or less than or equal to the state average (“Met”).

Student Group	Number of students chronically absent	Percent of students chronically absent	State Average	Met State Average

**Violence, Vandalism, HIB, and Substance Offenses**

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	0
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	0
Total Unique Incidents	0
Incidents Per 100 Students Enrolled	0.00

**Police Notifications**

This table shows, by incident type, the number of cases where an incident led to police notification.

Incident Type	Incidents Reported to Police
Violence	0
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	0
Other Incidents Leading to Removal	0

**Harassment, Intimidation, and Bullying (HIB) Investigations**

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bullying (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations
Race	0	0	0
Religion	0	0	0
Ancestry	0	0	0
Gender	0	0	0
Sexual Orientation	0	0	0

**Student Disciplinary Removals**

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

Removal Type	Number of Students	Percent of Students
In-School Suspensions	0	0.0%
Out-of-School Suspensions	0	0.0%
Any Suspension	0	0.0%
Removal to other education program	0	0.0%

**School Day**

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	8:10 AM
Typical End Time	2:30 PM
Length of School Day	6 Hrs 20 Mins
Full Time - Instructional Time	5 Hrs 45 Mins
Shared Time - Instructional Time	N

**Device Ratios**

This table shows the student to device ratio, which is the number of students in tested grades 3-11 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3-11. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio
2017-18	1.1:1

**Per-Pupil Expenditures (District Level)**

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs). NJDOE will be collecting school-level per-pupil expenditures data for the 2018-19 school year, and that data will be included in future reports.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

### Comprehensive Status

This table shows whether this school is identified as requiring Comprehensive Support and Improvement during the 2019-20 school year and whether it will be eligible to exit comprehensive status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement.

Requires Comprehensive Support during the 2019-20 School Year	Eligible to exit status in January 2021	Eligible to exit status in January 2022
No	n/a	n/a

### Targeted Status

This table shows whether one or more student groups in this school has been identified as requiring Targeted Support and Improvement during the 2019-20 school year and whether each student group will be eligible to exit targeted status in January 2021 or January 2022. Schools must meet exit criteria in order to exit status. Student groups with a summative score that would be in the bottom 5% of schools and student groups that miss annual targets for all indicators for two years in a row are identified as requiring Targeted Support and Improvement. Note: Schools identified as requiring comprehensive support may have student groups identified as needing targeted support below, but the date they are eligible to exit status is based on their comprehensive status.

Accountability Indicator Scores and Summative Rating - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative score in the bottom 5% of Title I schools or with a four-year graduation rate of 67% or less are identified as requiring Comprehensive Support and Improvement. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Score	Weight
English Language Arts Proficiency	41.35	15.0%
Mathematics Proficiency	81.87	15.0%
English Language Arts Growth	56.46	20.0%
Mathematics Growth	78.75	20.0%
Progress Towards English Language Proficiency (coming 2018)	56.60	20.0%
Chronic Absenteeism	38.79	10.0%
<b>Summative Score:</b> Sum of all indicator scores multiplied by indicator weights	60.72	n/a
<b>Summative Rating:</b> Percentile rank of Summative Score	67.54	n/a
<b>Requires Comprehensive Support:</b> Summative Score is in the bottom 5th percentile	No	n/a

Accountability Summary by Student Group - 2017-18 School Year

New Jersey has developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Targeted Support and Improvement. Any student group where the summative score would be in the bottom 5% of schools is identified for Targeted Support for a Low-Performing Student Group. Any student group that has missed annual targets for all indicators two years in a row is identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups are identified for Targeted Sport will be noted in the Schoolwide row. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the state average for chronic absenteeism based on students enrolled in the grades served by the given school. For more details on accountability targets, see these [accountability resources](#).

 <p>Mission, Vision, Theme:</p>	<p>Taylor Mills School is a community of learners. The mission of Taylor Mills School is to ensure that students can meet the challenges of our changing global society by providing high quality, well-rounded educational opportunities. To that end, our goal is for our students to make progress to meet and/or exceed the NJLS, develop the six pillars of character, and build the skills necessary to be life-long learners and productive citizens of our community and world.</p>
 <p>Awards, Recognition, Accomplishments:</p>	<p>Our Student Government allows our first through fifth grade students to assume leadership roles in the school community and complete several service projects throughout the year. Food drives for the local food pantry, fundraising efforts for the American Heart Association and other student-selected charities, and providing holiday gifts/meals for families in need represent just a few of the service projects completed throughout the year.</p>

 <p><b>Courses, Curriculum, Instruction:</b></p>	<p>Our balanced literacy approach includes a number of programs such as Project Read, Making Meaning, and the Teachers' College Units of Study. Supplemental programs such as RAZ Kids, Achieve3000, and Study Island enhance student learning and engagement in the literacy block. The enVisions 2.0 math program is the foundation of our math instruction. Study Island, Reflex Math, IXL Math, and ST Math further engage our learners and enhance mathematics instruction. The NJSL Science standards are addressed in a hands-on approach through Mystery Science. Individual student needs are addressed via the enrichment or intervention activities assigned to them based on multiple data points gathered throughout the year.</p>
 <p><b>Clubs and Activities:</b></p>	<p>Our newspaper is a student publication featuring reporters in grades 3 through 5. Band, chorus, and orchestra programs encourage our budding musicians to participate in the arts. The Young Scientists program extends scientific studies through hands-on experiments and activities. Our TM TV Studio offers our children the opportunity to work with broadcasting equipment and hone their presentation skills. Our student government welcomes students in grades 1-5 to participate in community and service learning opportunities.</p>

 <p>Before and After School Programs:</p>	<p>Taylor Mills School offers beyond the school day reading, writing, and math intervention opportunities. Additionally, Project Achievement provides close reading analysis and writing opportunities to advance student progress in all curricular areas. After school groups include the use of technology to increase student achievement via programs such as ST Math, Reflex Math, and Study Island.</p>
 <p>Staff and Professional Learning:</p>	<p>Through our Professional Learning Communities, our teachers work together to pool their collective resources to meet the challenges of the NJSLs while recognizing the unique needs of each learner. These collaborative teams work diligently to identify student needs using a variety of formal and informal data, research best practices to meet those needs, implement SMART goals, and carefully monitor student growth toward those goals. Teachers are provided time in the morning during our six day cycle to analyze student data and make actionable instructional decisions to increase student achievement.</p>

 <p>Student Supports and Services:</p>	<p>Taylor Mills School embraces the 3 Tier RTI &amp; Problem Solving Team Model to support the academic progress of all students. Within each tier, student supports are designed to personalize instruction to meet each students' educational needs in the academic and social/emotional realms. As a magnet school for district ELL learners, our school operates under the SIOP model of instruction.</p>
 <p>Parent and Community Involvement:</p>	<p>We encourage parental participation in the Library/Media Center and within individual classrooms. Our active and extremely supportive PTA sponsors excellent assembly programs and numerous events for the children and their families, bringing our school community even closer together. Our new Parent Workshop Series helps parents to foster greater success at home. Welcoming our police officers, firefighters, Community Alliance, and library system into our schools regularly further connects our school to our community.</p>

Other Information:

At Taylor Mills School, we are committed to challenging our students academically. Our students participate in Continental Math League, the National Spelling Bee, and the National Geography Bee. In addition to contest opportunities, each of our grade levels has a special unit devoted to in-depth study of a particular subject and culminating in a memorable event. Such events include Physics Day, Poetry Day, and 100th Day. We take pride in events that allow our students to share their knowledge with their peers and extend their education through meaningful research. Another source of continual pride for our school is our strong character education program designed to help our students develop an understanding of how to work cooperatively with one another and handle conflicts appropriately. An integral part of this program is our “Caught Filling a Bucket” reward system. Based on the book, Have You Filled a Bucket Today?, good student behavior and simple acts of kindness are recognized and rewarded every day, encouraging a sense of community within the school. Our Student of the Month program recognizes children’s efforts to consistently demonstrate positive character traits. This message is positively reinforced in our lunchroom and throughout each classroom in our building. During this school year, we continued one of our most beloved character education initiatives with our Positive Partners program, matching our younger students with mentors from our upper grades. As it has been in the past, one of our comprehensive goals is to build self-confidence and self-assurance in the children. Through all of our character programs and the daily curricular work in each class, we strive to teach all students to believe in themselves and to learn that all goals are attainable through hard work, effort, dedication, and positive thinking. Backed by a network of caring parents, educators, and community members, our goals are well within our reach.
