Fall 2019

Dear Parent/Guardian:

Your child is currently enrolled in Intro to Algebra in grade 7. Due to changes in testing and placement, we are informing you that students in this course whose final average is less than 80% will take Math 8 rather than Algebra I in 8th grade. Waiting an additional year to enter Algebra will provide your child with an extra year of preparation before taking the Algebra 1 NJSLA assessment which is a high school graduation requirement for math.

Our goal is for your child to reach his/her potential in math by being placed in the most appropriate math course for 7th grade.

Sincerely,

Gregory Schmidt

Supervisor of Mathematics
