Fall 2019

Dear Parent/Guardian:

All students enrolled in the AT program will be administered an assessment in May to determine math placement in sixth grade. Students who meet or exceed the cut-score will be placed in Pre-Algebra A, a two-year accelerated program. Students who do not will be placed in Pre-Algebra B, a one-year accelerated program.

Students who average at least 90% on the tests on chapters one through eight in grade 5 will qualify for Pre-Algebra A, regardless of the score on the placement test.

If you have any questions, please contact me.

Sincerely,

Gregory Schmidt

Supervisor of Mathematics
