Fall 2019

Dear Parent/Guardian of child enrolled in Math 6:

Students enrolled in Math 6 can move up to Pre-Algebra B prior to October 31<sup>st</sup> based on his/her performance on Linkit A, which will be given within the first ten school days, and on the quizzes and tests given in chapter one. The student must score at least 70% on Linkit A **and** 94% or above on all assessments given in chapter one.

Students who finish the year in Math 6 can move up to Intro to Algebra in 7<sup>th</sup> grade by earning a minimum average score of 90% on two placement assessments given near the end of the score year **and** have a minimum final average grade of 90%.

My goal is for your child to reach his/her potential in math by being placed in the most appropriate course.

I hope your child has a successful year!

Sincerely,

Gregory Schmidt

Supervisor of Mathematics
