Annual Integrated Pest Management Notice
For School Year 2020-2021

Dear Parent, Guardian or Staff Member:
This notice is being distributed to comply with the New Jersey School Integrated Pest Management Act. The Manalapan-Englishtown Regional School District has adopted an Integrated Pest Management (IPM) Policy and has implemented an IPM Plan to comply with this law. IPM is a holistic, preventive approach to managing pests that is explained further in the schools IPM Policy included with this notice.

All schools in New Jersey are required to have an Integrated Pest Management Coordinator (IPM Coordinator) to oversee all activities related to IPM and pesticide use at the school.

The IPM Coordinator for Manalapan-Englishtown School District is:
Name of IPM Coordinator: Camille Robinson
Vincent J. Pietrucha
Business Phone number: 732-786-2500
Business Address: 54 N. Main Street, Englishtown, NJ 07726

The IPM Coordinator maintains the pesticide product label and the Safety Data Sheet (SDS) (when one is available) of each pesticide product that may be used on school property. The label and the SDS are available for review by a parent, guardian, staff member or student attending the school. Also, the IPM Coordinator is available to parents, guardians and staff members for information and to discuss comments about IPM activities and pesticide use at the school.

As part of a school pest management plan, Taylor Mills School may use pesticides to control pests. The United States Environmental Protection Agency (EPA) and the New Jersey Department of Environmental Protection (DEP) register pesticides to determine that the use of a pesticide in accordance with instructions printed on the label does not pose an unreasonable risk to human health and the environment. Nevertheless, the EPA and the DEP cannot guarantee that registered pesticides do not pose any risk to human health, thus unnecessary exposure to pesticides should be avoided. The EPA has issued the statement that where possible, persons who are potentially sensitive, such as pregnant women, infants and children, should avoid unnecessary pesticide exposure.

The following pesticides have been used at this location in the past 12 months:

Trade Name	Common Name	EPA Registration #
Advion Ant Gel	Indoxacarb	352-746
EcoPCO DX	Phenethyl Propinate/Pyrethrins	89459-61
Roundup QuikPRO Herbicide		524-535
ProDeuce		228-509

A meeting regarding the School Integrated Pest Management Program and/or adoption of the "IPM" Policy is scheduled for the following date and time:

DATE	TIME	PLACE
Tuesday, Sept. 15, 2020	**9:30 am**	**Virtual from Taylor Mills School**
